

CHM 201 — Organic Chemistry I

Faculty of Science · Fall 2026 · Section 01 · 4.0 credits

Instructor	Dr. P. Nandakumar	Office	SCI 4412
Email	pnandakumar@example.edu	Office hours	Tue 14:00–16:00
Lecture	Mon/Wed/Fri 09:00–10:00, SCI 120	Laboratory	Mondays 13:00–17:00, SCI 2200

Course Description

Structure, bonding, stereochemistry and reaction mechanisms of organic compounds. Emphasis on nucleophilic substitution, elimination, and addition reactions. The laboratory component is a required co-requisite and cannot be taken separately.

Required Materials and Costs

The following items are required. Items marked **(SA)** are billed directly to your student account; all others are purchased by you at the campus store or supplier of your choice.

Item	Requirement	Cost	Needed by
Laboratory manual, CHM 201 (2026 ed.)	Required	\$42.00	September 14, 2026
Safety goggles, CSA-approved	Required	\$18.50	September 14, 2026
iClicker Cloud subscription (1 term)	Required	\$35.00	September 15, 2026
Textbook: Organic Chemistry, 10th ed. ■ new / used / 4-month rental	Required	\$214.00 new \$145.00 used \$68.00 rental	September 8, 2026
Laboratory breakage deposit (SA)	Required, refundable	\$75.00	September 25, 2026
Molecular model kit	Strongly recommended	\$29.95	October 5, 2026
Scientific calculator (non-programmable)	Required for exams	\$0–\$25.00	October 21, 2026

The breakage deposit is refunded to your student account at the end of term less the cost of any glassware you break. Most students are refunded the full \$75.00.

Evaluation

Component	Weight	Date
Laboratory work (10 labs)	20%	Weekly, Mondays
Midterm Examination 1	20%	Wednesday, October 21, 2026
Midterm Examination 2	20%	Wednesday, November 18, 2026
Final Examination	40%	Saturday, December 12, 2026

Laboratory Schedule

Laboratories run **every Monday from September 14 through November 30**, 13:00–17:00, in SCI 2200. There is no laboratory during reading week (October 12–16). Students must complete the online WHMIS module before attending the first laboratory session. Pre-lab reports are due at the start of each session; there are no make-up laboratories.

Important Dates

Date	Event
September 8, 2026	Classes begin
September 21, 2026	Last day to drop with 100% refund
October 2, 2026	Last day to drop with 50% refund
October 12–16, 2026	Fall reading week — no classes
November 10, 2026	Last day to drop without academic penalty
December 7, 2026	Last day of classes
December 9–18, 2026	Final examination period

Policies

Missed examinations. A missed midterm with documented medical cause shifts its weight to the final examination. Undocumented absences receive a grade of zero.

Laboratory safety. Students without approved goggles and closed-toe footwear will be denied entry to the laboratory and recorded as absent.

Academic integrity. Laboratory reports are individual work. Sharing raw data between lab partners is permitted; sharing written analysis is not.
